Sulley Sadick

Junior Front-End Developer ´• Ghana (open to remote)
GitHub: github.com/Sulley-Sadick ´• Portfolio: sulley-sadick.github.io/Portfolio

Professional summary

Junior front-end developer focused on React, TypeScript, and responsive, accessible interfaces. I build and deploy real web apps through independent projects and ALX Africaâ s frontend program, with emphasis on clean UI, maintainable components, and practical UX. Open to freelance and client work (landing pages, product catalogs, small business sites). No full-time industry role yetâ delivery is backed by public repos and live demos.

Technical skills

Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript
Frontend: React, React Router, component-driven UI, responsive layout
Styling: Tailwind CSS, modern CSS (flex/grid)
Tooling: Git, GitHub, Vite, pnpm, ESLint, Prettier
Integrations: REST APIs, browser geolocation, Supabase client (data and contact flows)

Projects

WhatsApp product catalog â JavaScript, HTML, CSS
Product catalog for a mobile-phone retailer: browse listings with images and specs; order through integrated WhatsApp chat. Deployed on Vercel.
Live: whatsapp-product-catalog.vercel.app ´• GitHub

Weather app â JavaScript, HTML, CSS
Geolocation on load, location search, and clear presentation of temperature, humidity, wind, and forecast details. Mobile-friendly layout on Vercel.
Live: weather-app-kappa-dun-38.vercel.app ´• GitHub

Experience & training

Independent projects â Front-End Developer ´• Remote ´• 2024â Present
- Shipped retailer catalog and weather app with public GitHub repos and Vercel deployments.
- Own full UI implementation: layout, interactions, API consumption, and deployment workflow.

ALX Africa â Frontend Development ´• Online ´• Sep 2025â Feb 2026
- Intensive track: React, TypeScript, routing, state patterns, Git collaboration, responsive UI.
- Applied sprint-style delivery and peer review to portfolio-grade work.

ALX Africa â Professional Foundations ´• Online ´• Jun 2025â Sep 2025
- Remote teamwork, communication, accountability, and structured problem-solving.

Udemy â JavaScript: The Complete Guide (Jonas Schmedtmann) ´• Online ´• 2023â 2024
- Modern JS, DOM, async patterns; foundation for React and project work.

Education

Twifo Praso Senior High School â High School Diploma
[Twifo Praso, Ghana] ´• [2018]â [2021]
